Subject: Discuss AECDs for Cummins/Dodge Ram Pick-Up Truck
Date: 11/04/2005 01:02 PM

Jackie,

We would like to set up a meeting early next week (Monday or Tuesday) to discuss with you and Duc where we all are with respect to Cummins desire to chassis certify their 6.7 liter diesel engine in the Dodge Ram Pick-Up truck for 2007. Specifically, we'd like to follow up with our discussion of several weeks ago on the several AECDs

Deliberative Process / Ex. 5

On our side we'd include myself, Bill Charmley and Cle Jackson.

Please let me know if you will be available.

Thanks,
Linc
